LORD PLACED IN

1st house, Leo

Your ascendant (lagna) is the sign rising on the eastern horizon when you were born. It describes your body, temperament and the lens through which you meet life. For you this is Leo (Simha), a fire sign ruled by Sun.

Simha is the Sun's only sign, and it carries the Sun's qualities of centre, warmth and authority. Fixed fire burns steadily rather than flaring: Simha people are often consistent, principled and generous with time and praise. Their pride is real but usually tied to a sense of responsibility — a good Simha leader protects the group.

Natural strengths

Natural authority and presence; Generosity and warmth; Loyalty and principle; Creative self-expression.

Growth areas

Accepting criticism without feeling diminished; Sharing the stage; Asking for help.

Your lagna lord: Sun in the 1st house

The ruler of your chart, Sun, sits in your 1st house — the house of body, temperament, appearance and the way you meet the world. Much of your energy and sense of purpose naturally flows toward these areas of life. It is in its own sign, which tradition reads as stable and self-reliant.

In Indian astrology the Moon sign (rashi) is as important as the ascendant: it describes your mind, emotional needs and how you experience life day to day. Your Moon is in Sagittarius (Dhanu), in the 5th house of your chart.

Dhanu's symbol is an archer aiming far, and the sign is about direction and meaning. Jupiter makes it generous, idealistic and drawn to teachers, scriptures, law and long journeys. Dhanu people tend to speak their truth plainly and bounce back with humour; they need a purpose larger than daily routine.

Your birth star: Mula

Mula, "the root", lies near the galactic centre and is ruled by Nirriti, the goddess who dissolves what has decayed. Its symbol, a bunch of roots, is about getting to the bottom of things. Mula natives are often investigative, philosophical and unafraid to dismantle what does not work in order to rebuild. Ketu adds spiritual depth and detachment. Tradition considers Mula intense but deeply truth-seeking.

Traditional strengths of this star: Getting to the root; Philosophical depth; Courage to start over; Research ability.

Your Moon falls in pada 3 of Mula, whose traditional name syllable is "Bha". Your Vimshottari dasha sequence begins with Ketu, the lord of this nakshatra.

The planets in your chart

Each planet describes one area of experience. Its sign shows the style, its house shows where in life it acts, and its dignity shows how comfortably it works.

Sun in the 1st house · Leo

Sun represents identity, vitality, authority and your relationship with father figures. In your chart it is in Leo (Simha), in the 1st house (self), in Magha nakshatra (ruled by Ketu). You carry a natural air of authority and want your life to reflect who you really are; pride and self-respect run strong.

It is in its own sign, which tradition reads as stable and self-reliant. It rules the very house it occupies, which tradition reads as strengthening that house. By traditional aspect (drishti) it also influences your 7th house.

Moon in the 5th house · Sagittarius

Moon represents feelings, comfort, the mind and your relationship with mother and home. In your chart it is in Sagittarius (Dhanu), in the 5th house (creativity & children), in Mula nakshatra (ruled by Ketu). An imaginative, romantic and nurturing mind; children, creativity and learning bring emotional fulfilment.

It sits in a neutral sign. As ruler of your 12th house (release & retreat), it links that area with the 5th house. By traditional aspect (drishti) it also influences your 11th house.

Mars in the 11th house · Gemini

Mars represents drive, courage, competition and physical energy. In your chart it is in Gemini (Mithuna), in the 11th house (gains & networks), in Mrigashira nakshatra (ruled by Mars).

Mercury in the 1st house · Leo

Mercury represents thinking, speech, learning, trade and adaptability. In your chart it is in Leo (Simha), in the 1st house (self), in Magha nakshatra (ruled by Ketu). Quick, youthful and communicative; you analyse everything and adapt easily to new situations.

Venus in the 2nd house · Virgo

Venus represents love, beauty, pleasure, partnership, comfort and the arts. In your chart it is in Virgo (Kanya), in the 2nd house (wealth & family), in Hasta nakshatra (ruled by Moon). Enjoyment of fine food, art and comfort; a pleasant voice and money through creative or luxury fields.

It is debilitated here, which tradition reads as needing more conscious effort to express its best side; many charts show cancellations of debility (neecha bhanga). As ruler of your 3rd and 10th houses (effort & siblings, career & status), it links those matters with the 2nd house. By traditional aspect (drishti) it also influences your 8th house.

Saturn in the 7th house · Aquarius

In your chart it is in Aquarius (Kumbha), in the 7th house (partnership), in Shatabhisha nakshatra (ruled by Rahu). A mature, loyal or older partner; commitment deepens over time. Patience in relationships pays off.

It is in its own sign, which tradition reads as stable and self-reliant. It was retrograde at your birth, which many astrologers read as an inward, reflective or revisiting style for its themes. As ruler of your 6th and 7th houses (service & obstacles, partnership), it links those matters with the 7th house. By traditional aspect (drishti) it also influences your 1st, 4th and 9th houses.

Ketu represents detachment, intuition, past skills and spiritual interests. In your chart it is in Aries (Mesa), in the 9th house (fortune & dharma), in Bharani nakshatra (ruled by Venus). An independent spiritual path; questioning teachers and traditions to find your own truth.

By traditional aspect (drishti) it also influences your 1st, 3rd and 5th houses.

Yogas and Manglik check

Yogas are traditional planetary combinations. They describe potentials, not guarantees — and most charts contain several.

Budha-Aditya yoga

Sun and Mercury share a sign.

Associated with intelligence, communication and administrative ability. It is very common, because Mercury never strays far from the Sun.

Shasha yoga (Pancha Mahapurusha)

Saturn is in its own sign in the 7th house, a kendra.

One of the five “great person” yogas, traditionally linked with the strongest qualities of Saturn.

Kemadruma (traditional note)

No planet (other than the Sun and nodes) occupies the 2nd or 12th sign from the Moon or joins it.

Classically linked with phases of feeling unsupported. Many cancellations exist (for example planets in kendras from the Moon), and it is very common. Treat it as a reminder to build support networks.

Manglik (Kuja) dosha check

Counted from	Mars in house	Manglik by this rule
Ascendant	11th	No
Moon	7th	Yes
Venus	10th	No

Mars occupies one of the houses traditionally associated with Manglik dosha (1, 2, 4, 7, 8, 12) from at least one reference point. This is very common — roughly half of all charts meet the condition by one rule or another.

Traditional cancellations present: Jupiter aspects Mars.

Manglik status is a traditional classification only. It does not predict an unhappy marriage, and no ritual or purchase is required. When comparing charts, many astrologers simply check whether both partners have similar Mars placements.

Vimshottari dasha timeline

The Vimshottari dasha system divides life into planetary periods (mahadashas) totalling 120 years, starting from the lord of your birth nakshatra. Each mahadasha is divided into sub-periods (antardashas). The planet in charge colours the themes that come forward.
